

What is **MYABF**?

Do you need to register?

The ABF has launched a new technology platform, **MYABF**, which will have several functions including listing coming events. By next year players will need to be registered with **MYABF** in order to enter many National, State and Club congresses including the Gold Coast Congress, the Barrier Reef Congress and the Queensland Festival of Bridge

**MYABF** gives you a personal ABF account that you can log in to. You will be able to manage your personal details, view your masterpoints, enter and pay for bridge congresses and events, view your results and run a “Bridge Credits” account with the ABF to pay for your bridge entries. 1 “Bridge Credit” = 1 Australian Dollar.

Registration is easy. Go to **MYABF** [Australian Bridge Federation \(myabf.com.au\)](http://myabf.com.au) and select “sign up” from the options on the top right-hand side. Enter your ABF Number, email address and choose a password. Passwords must be at least 8 characters and cannot all be numerical. To finalise your registration a confirmation email will be sent to your inbox. Open this email and check the blue activate button to activate your account. It is recommended to “sign up” using a computer. Several players have reported difficulties setting up their account on some phone and tablet models. When you log on to enter a pairs or teams event your partner or team mates must also be registered

After you have registered you can use the “Log in” link at the top right to access your account.

The ABF plans to improve and extend the **MYABF** platform over time and keeps members and clubs informed of this progress by publishing regular **MYABF** updates in their quarterly newsletters.

For further information, how to guides and videos go to [Australian Bridge Federation » My ABF Resources](#)
